Husqvarna DMS240 Core Drill with Stand

The DMS240 is an electric drill motor and stand system for a huge variety of core drilling applications. It is the most powerful system in our drill motor stand range. An ideal system for medium core drilling in walls, floors and roofs up to 250mm diameter.

The stand is easy to tilt and the back support provides reliable and stable angle drilling saving you valuable setup time and is easier on your body. This system is ideal for drilling ventilation and plumbing channels, waste evacuation pipes as well as barrier and road sign sleeves.
