Powerlite 3.3kVA Petrol Generator with Hire Pack

2,600W Petrol Powerlite Generator, powered by a GX200 Honda engine with recoil start. Manufactured in Australia, the PH033 generator is mounted in a powder coated heavy duty compact roll frame. The Honda engine is paired with a Mecc Alte Alternator and is fitted with 2 x 10A outlets protected by an RCD.

Ideally suitable for portable electric tools, together with small machines, electric pump up to 0.55kW, lights and household appliances, provided that the total power consumption at any one time is less than 2,600W.

Hire pack features folding handle and wheels for easy transport around site.
