Weight	660kg

* CRT48 Ride On Trowels require a 48" Pan

Husqvarna CRT4857K Ride On Trowel

The Husqvarna CRT4857K Ride On Trowel features electro-hydraulic power steering enabling accurate control and virtually fatigue-free operation. The joysticks feature two control modes; standard response mode for operating in confined areas with obstructions, or Increased response mode for open areas when panning or travelling at high speeds.

Powered by a 4 cylinder 57HP Kubota Petrol Engine, the CRT4857K delivers a wide RPM range thanks to a torque convertor clutch, from 25RPM for low speed panning to 150RPM for high speed finishing. Standard accessories include, retardant sprayers, trowel holder, lighting kit, central grease point, dual lifting hooks and seat adjustment.
