## Conduit & Cone Assemblies

### DESCRIPTION

**Conduit & Cone Assemblies** are pre-cut to the desired wall length and are used to create a void for a tie bar to pass through. Typically, conduit is cut to size on the jobsite wasting valuable time and resource.

**Conduit & cone assemblies** save time, money and resource. Each conduit is cut to the exact length and packed in bundles of 100. Each pack includes 200 cones to suit.

### FEATURES & BENEFITS

- Save Time, Money & Resource
- Accurate
- Available in a range of sizes
- Eliminate Wastage

### ESTIMATING & SIZES

Each Conduit & Cone pack includes 100 cut-to-length conduit and 200 cones to suit.

Code	Wall Thickness	Pack
Conduit & Cone Assemblies		
CCA150	150mm	100
CCA200	200mm	100
CCA250	250mm	100
CCA300	300mm	100
CCA400	400mm	100
CCA500	500mm	100
CCA600	600mm	100

### DISCLAIMER

Set-Up products are manufactured to the highest quality, and if used in the correct applications and in accordance with all directions, will produce quality and consistent results. However Allcon Group Pty Ltd accepts no responsibility for inappropriate usage or faulty workmanship by the end user.
