Allen Pro 46" Trowel Machine

Allen Pro Trowel machines are a heavy-duty, high quality machine built in the USA. The combination of a reliable Honda engine, a heavy duty gear box and high quality construction makes this unit perfect for both panning and finishing.

As standard, Allen trowel machines come with a one piece folded lifting hook for safe lifting with cranes or loaders. They also come with a lifting pole which slides into the front of the gearbox for a manual 2-man lift on site. They also come standard with fine pitch control on the handle bar however, they can also be fitted with Rapid pitch control.
