Allen MSP455 46" Ride-on Trowel Machine

The Allen MSP455 is essentially the MSP445 with hydraulic power steering. The addition of the power steering not only makes more operator friendly, it also increases the responsiveness of the unit making it a dream to operate. With 46" 5-blade rotors, a heavy duty drive train and a 37HP Kohler petrol engine, the MSP455 is the ideal mid-range machine for finishing large industrial and commercial slabs. The super heavy duty gearbox and drive train delivers power where its needed and makes this unit capable of both panning and finishing.

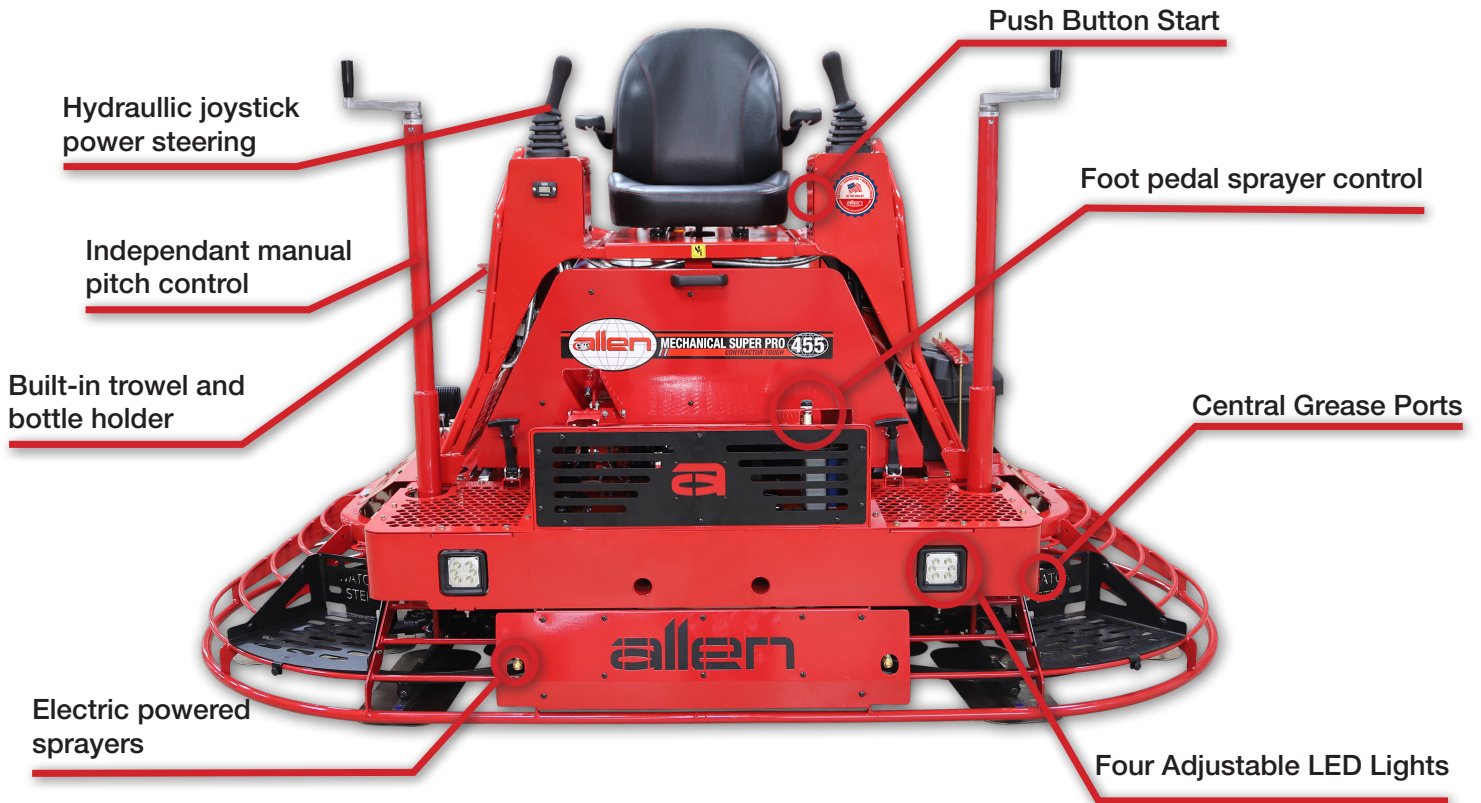

The MSP455 also has all the standard features you've come to expect on an Allen rider including; retardant tanks and electronic sprayers, LED lights, lifting hooks, adjustable seat and even a built in bottle and trowel holder.
