Husqvarna®

Model	DE110i
Motor	0.9kW 36V Battery
Vacuum Suction	200mbar
Filter	H-Class HEPA (Certified to EN1822)
Weight	26kg
Dimensions (LxWxH)	670 x 400 x 1000mm

Husqvarna DE110i 36V Dust Extractor

The DE110i is powered by Husqvarna's own 36V BLi batteries and is equipped with the latest HMI technology, e-flow system and the legendary Longopac® bag system. The HMI and E-flow system work together to monitor performance and automatically adjust the airspeed ensuring stable air flow, extended filter life and a continuous runtime of up to 30mins.

The DE110i is compact, sturdy and compliant with the high safety standards making it an ideal hand held cutting, drilling, grinding and even soff-cutting applications. It also features embedded connectivity that enables monitoring of location, run-time, service and filter status along with other usage data.
